BACHEM

Revision: 09.08.2011 Printing date: 07.07.2016

PRODUCT : Cyclo(-Gly-Phe)

(Contd. of page 1)
O4 First aid measures

After inhalation:
Supply fresh air; consult doctor in case of complaints.

After skin contact:

Immediately wash with water and soap and rinse thoroughly.

After eye contact:

Rinse opened eye for several minutes under running water.

After swallowing:

Call a doctor immediately.

Information for doctor:

Most important symptoms and effects, both acute and delayed No further relevant information available.
Indication of any immediate medical attention and special treatment needed No further relevant information available.

05 Firefighting measures

Suitable extinguishing agents: CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
Special hazards arising from the substance or mixture

- No further relevant information available.
- Advice for firefighters
- Protective equipment:
- No special measures required.

06 Accidental release measures

Personal precautions, protective equipment and emergency procedures
 Not required.

Environmental precautions:

- No special measures required.
- Methods and material for containment and cleaning up: Pick up mechanically.

07 Handling and storage

- · Handling:
- Precautions for safe handling Prevent formation of dust.
- Information about fire and explosion protection: No special measures required.
- Storage:
- Requirements to be met by storerooms and receptacles: No special requirements.
- Information about storage in one common storage facility: Store away from foodstuffs.
- Further information about storage conditions: Store in dry conditions.
- Recommended storage temperature:
- -20 +/- 5 °C
 Specific end use(s)
- No further relevant information available.

(Contd. on page 3)

08 Exposure con	trols/personal protection
 Ingredients with I 	imit values that require monitoring at the workplace:
CAS No. Not required.	Designation of material
 Personal protective General protective General protective Respiratory protective In case of brief experimitatory protective Use suitable respiratory Protection of hare The glove material Due to missing test Selection of the glove Material of gloves Material of gloves Protection of the manufacturer to material Penetration time 	g the making were used as basis. ve equipment: re and hygienic measures: onary measures are to be adhered to when handling chemicals. action: osure or low pollution use respiratory filter device. In case of intensive or longer exposure use self-contained ve device. atory protective device in case of insufficient ventilation. ds: has to be impermeable and resistant to the product/ the substance/ the preparation. s no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture ve material on consideration of the penetration times, rates of diffusion and the degradation s e suitable gloves does not only depend on the material, but also on further marks of quality and varies from anufacturer.

General Information		
Appearance:		
Form:	Powder	
Colour:	White	
Odour:	Nearly odourless	
Odour threshold:	Not determined.	
Molecular Weight	204,2300 g/mol	
Change in condition		-
Boiling point/Boiling range:	Undetermined.	
Flash point:	Not applicable.	
Flammability (solid, gaseous):	Not applicable.	
gnition temperature:		
Decomposition temperature:	Not determined.	
Self-igniting:	Not determined.	
Danger of explosion:	Not determined.	
Explosion limits:		
Lower:	Not determined.	
Upper:	Not determined.	
Vapour pressure:	Not determined.	
Density:	Not determined.	
Solubility in / Miscibility with		
water:	Not determined.	
Viscosity:		
Dynamic:	Not determined.	
Kinematic:	Not determined.	

Safety data sheet according to 1907/2006/EC, Article 31

Revision: 09.08.2011 Printing date: 07.07.2016

(Contd. of page 3)

PRODUCT : Cyclo(-Gly-Phe)

10 Stability and reactivity

- Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- Possibility of hazardous reactions No dangerous reactions known.
- Conditions to avoid
- No further relevant information available.
- Incompatible materials:
- No further relevant information available.
- Hazardous decomposition products: No dangerous decomposition products known.

11 Toxicological information

- Acute toxicity: No further relevant information available.
- Primary irritant effect:
- on the skin:
- No further relevant information available.
- on the eye:
- No further relevant information available. Sensitization:
- No sensitizing effects known.
- Additional toxicological information:
- The substance is not subject to classification according to the latest version of the EU lists.

12 Ecological information

- Acquatic toxicity:
- No further relevant information available.
- Persistence and degradability
- No further relevant information available.
- Behaviour in environmental systems:
 Bioaccumulative potential
- Bloaccumulative potential No further relevant information available.
- Mobility in soil
- No further relevant information available.
- Additional ecological information:
- General notes: Not known to be hazardous to water.
- Results of PBT and vPvB assessment
- PBT:
- Not applicable.
- vPvB:
- Not applicable.
- Other adverse effects
- No further relevant information available.

13 Disposal considerations

- · Waste treatment methods
- Waste disposal key: 18 02 06
- Uncleaned packaging:
- Recommendation:
 - Disposal must be made according to official regulations
