## Safety Data Sheet

| Release       | 1.0        |
|---------------|------------|
| Revision      | 01/27/2021 |
| Date of issue | 04/06/2022 |

# BIOSYNTH® Carbosynth

page 1 of 4

| Identification of the  |   |
|--|---|
| 1.1 Product ident  |   |
| substance  | GS 441524   |
| Additional identifica  | ation Aminopyrrolo[2,1-f][1,2,4]triazin-7-yl)-2,5-anhydro-D-altrononitrile;Remdesivir Related Compound 6  |
| Cataloge Number  | AG167808  |
| REACH No.  | A registration number is not available for this substance as the substance or its uses are exempted from registration or the annual tonnage does not require a registration.  |
| 1.2 Relevant iden<br>Identified uses   | tified uses of the substance or mixture and uses advised against<br>culture media additive  |
| Restriction on use   | not for food or drug use, for laboratory use only   |

#### 4 First aid measures

#### 4.1 Description of first aid measures

#### First Aid: Eye

Immediately flush eyes with plenty of flowing water for 10 to 15 minutes holding eyelids apart. Consult an ophthalmologist.

#### First Aid: Skin

Wash immediately with plenty of water and soap for at least 15 minutes. Remove contaminated clothing and shoes. Wash contaminated clothes before reuse. Call a physician.

#### First Aid: Ingestion

Wash out mouth with water provided person is conscious. Call a physician.

## 4.2 Most important symptoms and effects, both acute and delayed Hints for Physician: Symptoms

See Section 11 for additional information on health hazards

## 4.3 Indication of any immediate medical attention and special treatment needed First Aid: Inhalation

Remove casualty to fresh air and keep warm and at rest. If breathing is irregular or stopped, administer artificial respiration. Call a physician. **Hints for Physician: Treatment** 

Treat symptomatically.

#### **5** Firefighting measures

### 5.1 Extinguishing Media

**Suitable** foam, dry extinguishing powder, carbon dioxide (CO2), water spray jet

#### 5.2 Special hazards arising from the substance or mixturet

Wear a self-contained breathing apparatus and chemical protective clothing.

#### Hazards During Fire-Fighting

toxic fumes

#### 5.3 Fire-Fighting/Further Advice

Do not inhale explosion and combustion gases. Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Move undamaged containers from immediate hazard area if it can be done safely.

#### 6 Accidental release measures

#### 6.1 Personal Precautions, potective equipment and emergency procedures

Wear breathing apparatus if exposed to vapours/dusts/aerosols. Provide adequate ventilation.

#### **6.2 Environmental Precautions**

Do not allow to enter into soil/subsoil. Do not allow to enter into surface water or drains. Ensure all waste water is collected and treated via a waste water treatment plant.

## 6.3 Methods and material for containment and cleaning up not available

#### 6.4 Further Accidental Release Measures

Collect in closed and suitable containers for disposal. Clear contaminated areas thoroughly. Ventilate affected area.

#### 7 Handling and storage

#### 7.1 Precautions for safe handling

Handling advice

Avoid contact with skin, eyes and clothing. Avoid ingestion and inhalation. Avoid prolonged or repeated exposure. Remove contaminated clothing and wash before reuse. Wash thoroughly after handling.

#### 7.2 Conditions for safe storage, including any incompatibilities

Storage temperature

### store at <-15°C

Storage condition protect from light

### Storage Requirements

Warm to Room Temperature before use. Keep away from incompatible substances. Keep container tightly closed when not in use.

#### 7.3 Specific end use(s)

8 Exposure controles/personal protection

#### 8.1 Exposure limit values

Does not contain any substances with occupational exposure limits.

#### 8.2 Exposure controles

#### Industrial Hygiene

Mechanical exhaust required. Safety shower and eye shower.

#### 8.3 Personal Protective Equipment

#### Respiratory Protection Wear NIOSH/MSHA or E

Wear NIOSH/MSHA or European Standard EN 149 approved respirator.

#### **Hand Protection**

Wear compatible chemical-resistant gloves to prevent skin exposure.

#### **Eye Protection**

Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA.

#### **Body Protection**

Wear compatible chemical-resistant gloves and clothing to prevent skin exposure.

#### Advice on Safe Handling

Wash contaminated clothing before reuse. Wear appropriate protective clothing to prevent exposure.

#### 9 Physical and chemical properties

## 9.1 Information on basic Physical and chemical color properties

Form powder

#### 9.2 Other information

*Molar Mass* 291.26 g/mol

#### 10 Stability and reactivity

**10.1 Reactivity** No Data Available

### 10.2 Chemical stability

No Data Available

#### **10.3 Possibility of hazardous reaction** No Data Available

**10.4 Conditions to Avoid (SDS)** incompatible materials, light

**10.5 Incompatible materials** strong oxidizers

**10.6 Hazardous decomposition products** nitrogen oxides (NOx), carbon dioxide (CO2), carbon monoxide

#### **11 Toxicological information**

### 11.1 Information on toxicological effects

**Other Relevant Toxicity Information** 

We are not aware of any toxicology data.

#### **12 Ecological Information**

#### 12.1 Toxicity Value in standard Test Exposure Species Method Туре Time unit mg/l Acute toxicity versus Fishing No data No data No data No data No data available available available available available Test Exposure Value in standard Species Method Туре Time unit mg/l Acute toxicity in aquatic plants No data No data No data No data No data available available available available available

12.2 Persistence and degradablity Remarks : no data available
12.3 Bioaccumulative potential Remarks : no data available
12.4 Mobility in soil no data available
12.5 Results of PBT and vPvB assessment no data available
12.6 Other adverse effects no data available

13 Disposal considerations

#### Advice on Disposal and Packaging

Advice on Disposal

Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and Exhaust air. Dispose of waste according to laws applicable.

Advice on Packaging not available

#### 14 Transport information

|   | Road Transport(ADR/GGVS) | Air Transport(IATA) |
|---|--------------------------|---------------------|
| 14.1 UN number  | Not Dangerous Goods      | Not Dangerous Goods |
| 14.2 UN proper shipping name  | Not Dangerous Goods      | Not Dangerous Goods |
| 14.3 Transport hazard class(es)   | Not Dangerous Goods      | Not Dangerous Goods |
| 14.4 Packing group  | Not Dangerous Goods      | Not Dangerous Goods |
| 14.5 Enviromental hazard class (es)                                     | Not Dangerous Goods      | Not Dangerous Goods |
| 14.6 Special precautions for user                                       | Not applicable           | Not applicable      |
| 14.7 Transport in bulk according to Annex 11 of MARPOL and the IBC code | Not applicable           | Not applicable      |

#### 15 Other regulations

## 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixturet

not available

| Component | Appey XIV - Substances | REACH Regulation (EC<br>1907/2006) article 59 -<br>Candidate List of<br>Substances of Very High<br>Concern (SVHC) |
|-----------|------------------------|---|
| GS 441524 |                        | <br>  |

#### 15.2 Chemical safty assessment

No chemical safety assessment has been carried out.

#### **16 Additional information**
