

Safety Data Sheet

Release 1.0
Revision 10/17/2019
Date of issue 05/29/2021

page 1 of 5

1 Identification of the substance

Identification of the substance

Identification of the substance 4-Chlorocyclohexene

Additional identification

Biosynth catalog no. FC72029

REACH No. A registration number is not available for this substance as the substance or its uses are exempted from registration or the annual tonnage does not require a registration.

Use of the substance/preparation

Identified uses basic Intermediates

Restriction on use not for food or drug use, for laboratory use only

Company Carbosynth Ltd
8&9 Old Station Business Park
GB-COMPTON RG20 6NE

2 Hazards identification

Physical Hazards

Flammable liquid (Category 3)

Environmental Hazards

not classified

Health Hazards

not classified

Possible Hazards (Summary)

GHS Labeling

Symbol
GHS02 flame

Pictogram

Signal Word
Warning Warning

Hazard Statement

H226 Flammable liquid and vapour.

Precautionary Statement

P210 Keep away from heat/sparks/open flames/hot surfaces. No smoking.

P280 Wear protective gloves/protective clothing/eye protection/face protection.

P303 IF ON SKIN (or hair):

P361 Remove/Take off immediately all contaminated clothing.

P353 Rinse skin with water/shower.

P370 In case of fire:

P378 Use for extinction.

P501 Dispose of contents / container in accordance with local / regional / national / international regulations.

3 Composition/information on ingredients

Substance related information

Substance name 4-Chlorocyclohexene

Synonyms

Cas No. [930-65-4]

Formula C₆H₉Cl

4 First aid measures

First Aid: Eye

Immediately flush eyes with plenty of flowing water for 10 to 15 minutes holding eyelids apart. Consult an ophthalmologist.

First Aid: Skin

Wash immediately with plenty of water and soap for at least 15 minutes. Remove contaminated clothing and shoes. Wash contaminated clothes before reuse. Call a physician.

First Aid: Ingestion

Wash out mouth with water provided person is conscious. Call a physician.

First Aid: Inhalation

Remove casualty to fresh air and keep warm and at rest. If breathing is irregular or stopped, administer artificial respiration. Call a physician.

Hints for Physician: Treatment

Treat symptomatically.

5 Firefighting measures

Extinguishing Media

Suitable

foam, dry extinguishing powder, carbon dioxide (CO₂), water spray jet

Hazards During Fire-Fighting

toxic fumes

Protective Equipment for Fire-Fighting

Wear a self-contained breathing apparatus and chemical protective clothing.

Fire-Fighting/Further Advice

Do not inhale explosion and combustion gases. Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Move undamaged containers from immediate hazard area if it can be done safely.

6 Accidental release measures

Personal Precautions

Wear breathing apparatus if exposed to vapours/dusts/aerosols. Provide adequate ventilation.

Environmental Precautions

Do not allow to enter into soil/subsoil. Do not allow to enter into surface water or drains. Ensure all waste water is collected and treated via a waste water treatment plant.

Methods for Cleaning or Taking Up

not available

Further Accidental Release Measures

Collect in closed and suitable containers for disposal. Clear contaminated areas thoroughly. Ventilate affected area.

7 Handling and storage

Handling

Handling advice

Avoid contact with skin, eyes and clothing. Avoid ingestion and inhalation. Avoid prolonged or repeated exposure. Remove contaminated clothing and wash before reuse. Wash thoroughly after handling.

Storage

Storage temperature

store at 2°C - 8°C

Storage Requirements

Keep away from incompatible substances. Keep away from heat, sparks and flame. Keep container tightly closed when not in use.

8 Exposure controls/personal protection

Exposure controls

Industrial Hygiene

Mechanical exhaust required. Safety shower and eye shower.

Personal Protective Equipment

Respiratory Protection

Wear NIOSH/MSHA or European Standard EN 149 approved respirator.

Hand Protection

Wear compatible chemical-resistant gloves to prevent skin exposure.

Eye Protection

Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA.

Body Protection

Wear compatible chemical-resistant gloves and clothing to prevent skin exposure.

Advice on Safe Handling

Wash contaminated clothing before reuse. Wear appropriate protective clothing to prevent exposure.

9 Physical and chemical properties

Form

powder

Molar Mass

116.59 g/mol

10 Stability and reactivity**Conditions to Avoid**

incompatible materials

Substances to Avoid

strong oxidizers

Decomposition Productscarbon dioxide (CO₂), hydrogen chloride (HCl), carbon monoxide

11 Toxicological information**Other Relevant Toxicity Information**

We are not aware of any toxicology data.

12 Ecological Information**Biodegradation**

no data available

Bioaccumulation

no data available

Distribution in Environment

no data available

13 Disposal considerations**Advice on Disposal and Packaging***Advice on Disposal*

Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and Exhaust air. Dispose of waste according to laws applicable.

Advice on Packaging

not available

14 Transport information**Road Transport (ADR/GGVS)***UN No.* 1993*Class(es)* 3*Packaging group* III*Proper Shipping Name***Air Transport (IATA)***UN No.* 1993*Class(es)* 3*Packaging group* III*Proper Shipping Name*

15 Other regulations**Other Regulations**

not available

Component	REACH (1907/2006) - Annex XIV - Substances Subject to Authorization	REACH (1907/2006) - Annex XVII - Restrictions on Certain Dangerous Substances	REACH Regulation (EC 1907/2006) article 59 - Candidate List of Substances of Very High Concern (SVHC)
4-Chlorocyclohexene	-----	-----	-----

16 Additional information

GHS Labeling

Symbol

GHS02 flame

Signal Word

Warning Warning

Hazard Statement

H226 Flammable liquid and vapour.

Precautionary Statement

P210 Keep away from heat/sparks/open flames/hot surfaces. No smoking.
P280 Wear protective gloves/protective clothing/eye protection/face protection.
P303 IF ON SKIN (or hair):
P361 Remove/Take off immediately all contaminated clothing.
P353 Rinse skin with water/shower.
P370 In case of fire:
P378 Use for extinction.
P501 Dispose of contents / container in accordance with local / regional / national / international regulations.
