

Safety Data Sheet

Release 1.1
Revision 01/12/2021
Date of issue 10/19/2021

1 Identification of the substance

Identification of the substance

1.1 Identification of the substance N-Ethyl-N-methylcarbamoyl chloride

Additional identification

Biosynth catalog no. FE23162

REACH No. A registration number is not available for this substance as the substance or its uses are exempted from registration or the annual tonnage does not require a registration.

Use of the substance/preparation

1.2 Identified uses basic Intermediates

1.2 Restriction on use not for food or drug use, for laboratory use only

1.3 Company Carbosynth Ltd
8&9 Old Station Business Park
COMPTON RG20 6NE

Phone +44 1635 578444

Mail customerservice@biosynth-carbosynth.com

1.4 Emergency Number

Phone Office hours: +44 1635 578444

2 Hazards identification

Physical Hazards

Metal corrosive (Category 1), H290

Health Hazards

Skin corrosion (Category 1B), H314

serious irritation (Category 1)

Environmental Hazards

not classified

Possible Hazards (Summary)

GHS Labeling

Regulatory List

EC1272/08 Regulation (EC) 1272/2008 (GHS/CLP)

Symbol

GHS05 corrosion

Pictogram

Signal Word

Danger Danger

Hazard Statement

H290 May be corrosive to metals.

H314 Causes severe skin burns and eye damage.

H318 Causes serious eye damage.

Precautionary Statement

P264 Wash thoroughly after handling.

- P280 Wear protective gloves/protective clothing/eye protection/face protection.
- P303+P361+P353 IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.
- P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Remove contact lenses, if possible.

Additional Information

Caution! To the best of our knowledge the toxicological properties of this material have not been thoroughly investigated.

3 Composition/information on ingredients

Substance related information

<i>Substance name</i>	N-Ethyl-N-methylcarbamoyl chloride
<i>Synonymes</i>	
<i>Cas No.</i>	[42252-34-6]
<i>Formula</i>	C ₄ H ₈ ClNO

4 First aid measures

First Aid: Eye

Immediately flush eyes with plenty of flowing water for 10 to 15 minutes holding eyelids apart. Consult an ophthalmologist.

First Aid: Skin

Wash immediately with plenty of water and soap for at least 15 minutes. Remove contaminated clothing and shoes. Wash contaminated clothes before reuse. Call a physician.

First Aid: Ingestion

Wash out mouth with water provided person is conscious. Call a physician.

First Aid: Inhalation

Remove casualty to fresh air and keep warm and at rest. If breathing is irregular or stopped, administer artificial respiration. Call a physician.

Hints for Physician: Treatment

Treat symptomatically.

5 Firefighting measures

Extinguishing Media

Suitable

foam, dry extinguishing powder, carbon dioxide (CO₂), water spray jet

Hazards During Fire-Fighting

toxic fumes

Protective Equipment for Fire-Fighting

Wear a self-contained breathing apparatus and chemical protective clothing.

Fire-Fighting/Further Advice

Do not inhale explosion and combustion gases. Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Move undamaged containers from immediate hazard area if it can be done safely.

6 Accidental release measures

Personal Precautions

Wear breathing apparatus if exposed to vapours/dusts/aerosols. Provide adequate ventilation.

Environmental Precautions

Do not allow to enter into soil/subsoil. Do not allow to enter into surface water or drains. Ensure all waste water is collected and treated via a waste water treatment plant.

Methods for Cleaning or Taking Up

not available

Further Accidental Release Measures

Collect in closed and suitable containers for disposal. Clear contaminated areas thoroughly. Ventilate affected area.

7 Handling and storage

Handling**Handling advice**

Avoid contact with skin, eyes and clothing. Avoid ingestion and inhalation. Avoid prolonged or repeated exposure. Remove contaminated clothing and wash before reuse. Wash thoroughly after handling.

Storage**Storage temperature**

store at 10°C - 25°C

Storage condition

close container well, keep under inert gas: Nitrogen, protect from light

Storage Requirements

Keep container tightly closed in an upright position to prevent leakage. Keep container tightly closed when not in use, since hygroscopic. Keep away from incompatible substances. Avoid any contact with metals. Store in a cool, dry, well-ventilated area away from incompatible substances.

8 Exposure controles/personal protection**Exposure limit values****Exposure limit values**

Does not contain any substances with occupational exposure limits.

Exposure controles**Industrial Hygiene**

Mechanical exhaust required. Safety shower and eye shower.

Personal Protective Equipment**Respiratory Protection**

Wear NIOSH/MSHA or European Standard EN 149 approved respirator.

Hand Protection

Wear compatible chemical-resistant gloves to prevent skin exposure.

Eye Protection

Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA.

Body Protection

Wear compatible chemical-resistant gloves and clothing to prevent skin exposure.

Advice on Safe Handling

Wash contaminated clothing before reuse. Wear appropriate protective clothing to prevent exposure.

9 Physical and chemical properties**Form**

clear liquid

Phase Transition Liquid/Gas

89.00 °C

Molar Mass

121.57 g/mol

Density

1.101 g/cm³

10 Stability and reactivity**Conditions to Avoid**

incompatible materials, moisture, light, air

Substances to Avoid

strong oxidizers

Decomposition Products

nitrogen oxides (NO_x), carbon dioxide (CO₂), hydrogen chloride (HCl), carbon monoxide

11 Toxicological information**Other Relevant Toxicity Information**

We are not aware of any toxicology data.

12 Ecological Information**Additional Ecotoxicological Remarks**

no data available

Biodegradation

Remarks : no data available

Bioaccumulation

Remarks : no data available

Distribution in Environment

Remarks : no data available

Distribution in Environment

no data available

Distribution in Environment

no data available

Acute toxicity versus Fishing

no data available

Acute toxicity in aquatic plants

no data available

Acute toxicity versus Daphnia and others aquatic invertebrates

no data available

Results of the PBT and vPvB assessment

no data available

Mobility in soil

no data available

13 Disposal considerations**Advice on Disposal and Packaging***Advice on Disposal*

Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and Exhaust air. Dispose of waste according to laws applicable.

Advice on Packaging

not available

14 Transport information**Road Transport (ADR/GGVS)**

UN No. 3265

Class(es) 8

Packaging group II

Proper Shipping Name Corrosive substance, liquid, acidic, organic, n.o.s. (N-Ethyl-N-methylcarbamoyl chloride)

Air Transport (IATA)

UN No. 3265

Class(es) 8

Packaging group II

Proper Shipping Name Corrosive substance, liquid, acidic, organic, n.o.s. (N-Ethyl-N-methylcarbamoyl chloride)

15 Other regulations**Other Regulations***Regulatory List*

TCSI

Component	REACH (1907/2006) - Annex XIV - Substances Subject to Authorization	REACH (1907/2006) - Annex XVII - Restrictions on Certain Dangerous Substances	REACH Regulation (EC 1907/2006) article 59 - Candidate List of Substances of Very High Concern (SVHC)
N-Ethyl-N-methylcarbamoyl chloride	-----	-----	-----

16 Additional information**GHS Labeling**

Regulatory List

EC1272/08 Regulation (EC) 1272/2008 (GHS/CLP)

Symbol

GHS05 corrosion
