

## 1. Identification

|   |   |                 |
|---|---|-----------------|
| <b>Product identifier</b>                                     | <b>Benzaldehyde Propylene Glycol Acetal</b>                         |                 |
| <b>Other means of identification</b>                          |   |                 |
| <b>Catalog number</b>   | 1050949   |                 |
| <b>Synonym(s)</b>   | 4-Methyl-2-phenyl-1,3-dioxolane                                     |                 |
| <b>Recommended use</b>  | Specified quality tests and assay use only.                         |                 |
| <b>Recommended restrictions</b>                               | Not for use as a drug. Not for administration to humans or animals. |                 |
| <b>Manufacturer/Importer/Supplier/Distributor information</b> |   |                 |
| <b>Company name</b>   | U. S. Pharmacopeia  |                 |
| <b>Address</b>  | 12601 Twinbrook Parkway<br>Rockville<br>MD<br>20852-1790<br>US      |                 |
| <b>Telephone</b>  | RS Technical Services   | 301-816-8129    |
| <b>Website</b>  | www.usp.org   |                 |
| <b>E-mail</b>   | RSTECH@usp.org  |                 |
| <b>Emergency phone number</b>                                 | CHEMTREC within US & Canada   | 1-800-424-9300  |
|   | CHEMTREC outside US & Canada  | +1 703-527-3887 |

## 2. Hazard(s) identification

|                         |   |   |
|-------------------------|---|---|
| <b>Physical hazards</b> | Not classified.                                 |   |
| <b>Health hazards</b>   | Skin corrosion/irritation                       | Category 2                              |
|                         | Serious eye damage/eye irritation               | Category 2A                             |
|                         | Specific target organ toxicity, single exposure | Category 3 respiratory tract irritation |
| <b>OSHA hazard(s)</b>   | Not classified.                                 |   |
| <b>Label elements</b>   |   |   |

|  |   |
|--|---|
| <b>Signal word</b>                               | Warning   |
| <b>Hazard statement</b>                          | Causes skin irritation. Causes serious eye irritation. May cause respiratory irritation.  |
| <b>Precautionary statement</b>                   |   |
| <b>Prevention</b>                                | Use only outdoors or in a well-ventilated area. Avoid breathing mist or vapor. Wash thoroughly after handling. Wear protective gloves. Wear eye/face protection.  |
| <b>Response</b>                                  | If on skin: Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse. If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor if you feel unwell. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. |
| <b>Storage</b>                                   | Store in a well-ventilated place. Keep container tightly closed. Store locked up.   |
| <b>Disposal</b>                                  | Dispose of contents/container in accordance with local/regional/national/international regulations.   |
| <b>Hazard(s) not otherwise classified (HNOC)</b> | Not classified.   |

## 3. Composition/information on ingredients

**Substance**

## Hazardous components

| Chemical name                        | Common name and synonyms        | CAS number | %   |
|--------------------------------------|---------------------------------|------------|-----|
| Benzaldehyde Propylene Glycol Acetal | 4-Methyl-2-phenyl-1,3-dioxolane | 2568-25-4  | 100 |

## 4. First-aid measures

|   |  |
|---|--|
| <b>Inhalation</b>   | Move to fresh air. Call a physician if symptoms develop or persist.  |
| <b>Skin contact</b>   | Rinse skin with water/shower. Get medical attention if irritation develops and persists.   |
| <b>Eye contact</b>  | Rinse with water. Get medical attention if irritation develops and persists.   |
| <b>Ingestion</b>  | Rinse mouth. Get medical attention if symptoms occur.  |
| <b>Most important symptoms/effects, acute and delayed</b>                     | Irritant effects.  |
| <b>Indication of immediate medical attention and special treatment needed</b> | Provide general supportive measures and treat symptomatically.   |
| <b>General information</b>  | Remove from exposure. Remove contaminated clothing. For treatment advice, seek guidance from an occupational health physician or other licensed health-care provider familiar with workplace chemical exposures. In the United States, the national poison control center phone number is 1-800-222-1222. If person is not breathing, give artificial respiration. If breathing is difficult, give oxygen if available. Persons developing serious hypersensitivity (anaphylactic) reactions must receive immediate medical attention. |

## 5. Fire-fighting measures

|  |   |
|--|---|
| <b>Suitable extinguishing media</b>                                  | Water fog, dry chemical, or carbon dioxide as appropriate for surrounding fire and materials.   |
| <b>Unsuitable extinguishing media</b>                                | None known.   |
| <b>Specific hazards arising from the chemical</b>                    | No unusual fire or explosion hazards noted.   |
| <b>Special protective equipment and precautions for firefighters</b> | Wear suitable protective equipment.   |
| <b>Fire-fighting equipment/instructions</b>                          | As with all fires, evacuate personnel to a safe area. Firefighters should use self-contained breathing equipment and protective clothing. |
| <b>Specific methods</b>  | Cool containers exposed to flames with water until well after the fire is out.  |

## 6. Accidental release measures

|  |   |
|--|---|
| <b>Personal precautions, protective equipment and emergency procedures</b> | Keep unnecessary personnel away. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Avoid inhalation of vapors. Wear appropriate personal protective equipment. |
| <b>Methods and materials for containment and cleaning up</b>               | Absorb spillage with suitable absorbent material. For waste disposal, see section 13 of the SDS. Wash spill site.   |

## 7. Handling and storage

|   |   |
|---|---|
| <b>Precautions for safe handling</b>                                | As a general rule, when handling USP Reference Standards, avoid all contact and inhalation of dust, mists, and/or vapors associated with the material. Clean equipment and work surfaces with suitable detergent or solvent after use. After removing gloves, wash hands and other exposed skin thoroughly. |
| <b>Conditions for safe storage, including any incompatibilities</b> | Store in tight container as defined in the USP-NF. This material should be handled and stored per label instructions to ensure product integrity.   |

## 8. Exposure controls/personal protection

|   |  |
|---|--|
| <b>Biological limit values</b>          | No biological exposure limits noted for the ingredient(s).   |
| <b>Exposure guidelines</b>              | No exposure standards allocated.   |
| <b>Appropriate engineering controls</b> | Airborne exposure should be controlled primarily by engineering controls such as general dilution ventilation, local exhaust ventilation, or process enclosure. Local exhaust ventilation is generally preferred to general exhaust because it can control the contaminant at its source, preventing dispersion into the work area. An industrial hygiene survey involving air monitoring may be used to determine the effectiveness of engineering controls. Effectiveness of engineering controls intended for use with highly potent materials should be assessed by use of nontoxic surrogate materials. |

### Individual protection measures, such as personal protective equipment

|                            |  |
|----------------------------|--|
| <b>Eye/face protection</b> | Safety glasses with sideshields are recommended. Face shields or goggles may be required if splash potential exists or if corrosive materials are present. Approved eye protection (e.g., bearing the ANSI Z87 or CSA stamp) is preferred. Maintain eyewash facilities in the work area. |
|----------------------------|--|

|                                       |  |
|---------------------------------------|--|
| <b>Skin protection</b>                |  |
| <b>Hand protection</b>                | Chemically compatible gloves. For handling solutions, ensure that the glove material is protective against the solvent being used. Use handling practices that minimize direct hand contact. Employees who are sensitive to natural rubber (latex) should use nitrile or other synthetic nonlatex gloves. Use of powdered latex gloves should be avoided due to the risk of latex allergy. |
| <b>Other</b>                          | For handling of laboratory scale quantities, a cloth lab coat is recommended. Where significant quantities are handled, work clothing may be necessary to prevent take-home contamination.   |
| <b>Respiratory protection</b>         | Where respirators are deemed necessary to reduce or control occupational exposures, use NIOSH-approved respiratory protection and have an effective respirator program in place (applicable U.S. regulation OSHA 29 CFR 1910.134).   |
| <b>Thermal hazards</b>                | Not available.   |
| <b>General hygiene considerations</b> | Handle in accordance with good industrial hygiene and safety practice.   |

## 9. Physical and chemical properties

|   |   |
|---|---|
| <b>Appearance</b>                                   | Clear colorless or pale yellow viscous liquid.              |
| <b>Physical state</b>                               | Liquid.   |
| <b>Form</b>   | Liquid.   |
| <b>Odor</b>   | Almond. Woody.  |
| <b>Odor threshold</b>                               | Not available.  |
| <b>pH</b>   | Not available.  |
| <b>Melting point/freezing point</b>                 | Not available.  |
| <b>Initial boiling point and boiling range</b>      | 181.4 - 185 °F (83 - 85 °C) (4 mmHg)                        |
|   | 491 °F (255 °C) (760 mmHg)                                  |
| <b>Flash point</b>                                  | 208.40 °F (98.00 °C) Closed Cup                             |
| <b>Evaporation rate</b>                             | Not available.  |
| <b>Flammability (solid, gas)</b>                    | Not applicable.   |
| <b>Upper/lower flammability or explosive limits</b> |   |
| <b>Flammability limit - lower (%)</b>               | Not available.  |
| <b>Flammability limit - upper (%)</b>               | Not available.  |
| <b>Explosive limit - lower (%)</b>                  | Not available.  |
| <b>Explosive limit - upper (%)</b>                  | Not available.  |
| <b>Vapor pressure</b>                               | 0.005973 kPa at 25 °C                                       |
| <b>Vapor density</b>                                | Not available.  |
| <b>Relative density</b>                             | Not available.  |
| <b>Solubility in water</b>                          | Slightly soluble.   |
| <b>Partition coefficient (n-octanol/water)</b>      | Not available.  |
| <b>Auto-ignition temperature</b>                    | Not available.  |
| <b>Decomposition temperature</b>                    | Not available.  |
| <b>Viscosity</b>                                    | Not available.  |
| <b>Other information</b>                            |   |
| <b>Molecular formula</b>                            | C10H12O2  |
| <b>Molecular weight</b>                             | 164.2   |
| <b>Solubility (other)</b>                           | Soluble in oils. Miscible with ethanol at room temperature. |
| <b>Specific gravity</b>                             | 1.061 - 1.071   |

## 10. Stability and reactivity

|   |  |
|---|--|
| <b>Reactivity</b>                         | No reactivity hazards known.                                   |
| <b>Chemical stability</b>                 | Material is stable under normal conditions.                    |
| <b>Possibility of hazardous reactions</b> | No dangerous reaction known under conditions of normal use.    |
| <b>Conditions to avoid</b>                | Not available.   |
| <b>Incompatible materials</b>             | Strong oxidizing agents. Strong bases. Strong reducing agents. |

**Hazardous decomposition products** Irritating and/or toxic fumes or gases. Emits toxic fumes under fire conditions.

## 11. Toxicological information

### Information on likely routes of exposure

**Ingestion** Based on available data, the classification criteria are not met.  
**Inhalation** May cause irritation to the respiratory system.  
**Skin contact** Causes skin irritation.  
**Eye contact** Causes serious eye irritation.

**Symptoms related to the physical, chemical, and toxicological characteristics** Choking. Drowsiness. Red eyes. Stinging skin. Nausea. Stomach pain.

### Acute toxicity

| Product  | Species | Test Results |
|--|---------|--------------|
| Benzaldehyde Propylene Glycol Acetal (CAS 2568-25-4) |         |              |
| <b>Acute</b>   |         |              |
| <i>Dermal</i>  |         |              |
| LD50   | Rabbit  | > 5 g/kg     |
| <i>Oral</i>  |         |              |
| LD50   | Rat     | 3 g/kg       |

**Skin corrosion/irritation** Causes skin irritation.

**Serious eye damage/eye irritation** Causes serious eye irritation.

**Respiratory sensitization** Due to lack of data the classification is not possible.

**Skin sensitization** Due to lack of data the classification is not possible.

**Germ cell mutagenicity** Due to lack of data the classification is not possible.

**Carcinogenicity** Due to lack of data the classification is not possible.  
This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

**Reproductive toxicity** Due to lack of data the classification is not possible.

**Specific target organ toxicity - single exposure** Respiratory tract irritation.

**Specific target organ toxicity - repeated exposure** Due to lack of data the classification is not possible.

**Aspiration hazard** Due to lack of data the classification is not possible.

## 12. Ecological information

**Ecotoxicity** No data on possible environmental effects have been found.

**Persistence and degradability** No data is available on the degradability of this product.

**Bioaccumulative potential** Not available.

**Mobility in soil** Not available.

**Other adverse effects** Not available.

## 13. Disposal considerations

**Disposal instructions** This product, in its present state, when discarded or disposed of, is not a hazardous waste according to Federal regulations (40 CFR 261.4 (b)(4)). Under RCRA, it is the responsibility of the user of the product to determine, at the time of disposal, whether the product meets RCRA criteria for hazardous waste. Dispose in accordance with all applicable regulations.

**Local disposal regulations** Not available.

**Hazardous waste code** Not available.

**Waste from residues / unused products** Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

**Contaminated packaging** Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

## 14. Transport information

### DOT

Not regulated as a hazardous material by DOT.

**IATA**

Not regulated as a dangerous good.

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code** No information available.

**15. Regulatory information**

**US federal regulations** CERCLA/SARA Hazardous Substances - Not applicable.  
All components are on the U.S. EPA TSCA Inventory List.

**Superfund Amendments and Reauthorization Act of 1986 (SARA)**

**Hazard categories** Immediate Hazard - No  
Delayed Hazard - No  
Fire Hazard - No  
Pressure Hazard - No  
Reactivity Hazard - No

**SARA 302 Extremely hazardous substance** No

**SARA 311/312 Hazardous chemical** No

**Other federal regulations**

**Safe Drinking Water Act (SDWA)** Not regulated.

**Food and Drug Administration (FDA)** Direct food additive

**US state regulations** This product does not contain a chemical known to the State of California to cause cancer, birth defects or other reproductive harm.

**International Inventories**

| Country(s) or region        | Inventory name   | On inventory (yes/no)* |
|-----------------------------|--|------------------------|
| Australia                   | Australian Inventory of Chemical Substances (AICS)                     | Yes                    |
| Canada                      | Domestic Substances List (DSL)   | No                     |
| Canada                      | Non-Domestic Substances List (NDSL)                                    | Yes                    |
| China                       | Inventory of Existing Chemical Substances in China (IECSC)             | Yes                    |
| Europe                      | European Inventory of Existing Commercial Chemical Substances (EINECS) | Yes                    |
| Europe                      | European List of Notified Chemical Substances (ELINCS)                 | No                     |
| Japan                       | Inventory of Existing and New Chemical Substances (ENCS)               | Yes                    |
| Korea                       | Existing Chemicals List (ECL)  | Yes                    |
| New Zealand                 | New Zealand Inventory  | Yes                    |
| Philippines                 | Philippine Inventory of Chemicals and Chemical Substances (PICCS)      | Yes                    |
| United States & Puerto Rico | Toxic Substances Control Act (TSCA) Inventory                          | Yes                    |

\*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s)

**16. Other information, including date of preparation or last revision**

**Issue date** 12-21-2012

**Revision date** 07-20-2015
